My first day at school

When it was my first day at school I was very nervous. I stayed beside my grandma and she said don't be scared it's a good school, a fun school I did not believe her but when I got to know about the school I made four friends. I also played football, Kingball, Crunch, Red card, Run outs, it's, polo and hide and seek, tag at my new school. Every day I was glad to go to this school every morning I said thank you for bringing me to this new school. The same day I started my new school I made a best friend, also I was his best friend too. I was in year one, my head teacher was called Mrs Meswamy, my teacher was called Samantha, also my deputy head teacher was called Susan, the person who was in charge of the office was Helen. The carers for our play was Allison, Usha, Asma, Gerdeep and Ugna. The man that lives in the school and cares for the school is Dennis. When we go for lunch we wait in a line and then they bring us up for lunch, we had dinner ladies and the people that make the lunch is Allison, Ugna, Asma, Gerdeep and Usha.

When it was play time some one in the playground started to bully me because I was short and skinny, and I felt down and upset because it was my first day at school so I told the teacher what happened and the people involved got into trouble, when my best friend told me that we will finish school in 5 minutes, that was going to be 3.30, I was sad because I liked my new school, and as my grandma said it's a fun school. I should go believed her because it is a fun school.
